**THEATRICAL OFFERINGS****MOTHER'S LOVE IS PORTRAYED**

No element that is calculated to win interest and approval from theater-goers is lacking in the current week-end program at the Liberty theater. The bill includes a combination of attractions that should satisfy the most captious. The offerings that make up the bill include a star of more than national fame, Pauline Frederick, in a Paramount picture which has scored heavily in New York and other Eastern cities, and the serial picture in which Billie Burke is winning additions to the ranks of her admirers.

Pauline Frederick picture has as its theme that great human force that most surely grips the heart, "The Love That Lives" is the name of the story, and the love that lives in the picture is a mother's love for her son. It is a narrative of high dramatic power faithfully delineated by a great artist.

**COMMITTS MURDER WHILE IN SLEEP**

"Her Temptation," the latest William Fox picture, which is the main attraction at the Hawaii theater, is a drama of domestic life in which a unique quality is introduced. The power of the human will is the important factor in the story, and the chief tragic incident is a murder that a wife commits while she is in a hypnotic trance. While the theme is one of unusual sort, it is presented in a manner wholly artistic. Gladys Brockwell, who is widely known as a leading Fox star, has the support of an excellent cast in the production, and with her appears such well known people as Ralph Lewis, James Cruze and Bertram Grassby.

The Billy West comedy, held over from the beginning of the week, continues to meet with popular approval. "The Hero," as the picture is called, affords the star full opportunity to display the laughs that his appearance usually calls for.

In addition to the two pictures mentioned, the new instalment of the serial picture, "The Neglected Wife," brings new and interesting developments in the story.

**The Social Side of Hygiene**

Society as a rule is generally careful about the state of their health, and they are apt to make good use of remedies known as disease preventives. Germicides and antiseptics are included in this class, but the greatest care should be exercised in using any which contains poisons, unless prescribed by a physician. By reason of its absolute safety and its beneficial results, physicians have strongly recommended Tyro's Antiseptic Powder. This preparation appears to occupy a unique position as a toilet and hygienic antiseptic and is being most favorably commented upon by society, both in the States and abroad. The late Prof. W. M. Gray, pathologist to Providence Hospital and microscopist to the Army Medical Museum, in discussing the merits of the preparation said: "From the above and other experiments with Tyro's Antiseptic Powder, I conclude that it is a most valuable and useful compound, and that its efficiency must be due to its peculiar mode of manufacture and its well-balanced chemical adjustment as well as the exceptional purity of its ingredients." It is sold in packages at twenty-five cents and one dollar by the manufacturer, J. S. Tyro, Chemist, Inc., Washington, D. C.

**TWO FEATURES AT BIJOU TONIGHT**

Beginning tonight there will be two features shown for one price of admission at the Bijou. The first will be the official pictures of the U. S. navy taken by the request of the government to be shown in the countries of the Far East. German propaganda has led the people in the East to believe that the United States has a small navy and is not in a position to help the allied cause to any great extent. When these pictures are shown there they will undoubtedly change their minds. These pictures should also be interesting to the soldiers and sailors here, for all sides are shown, showing the boys at work and also at play. The other feature will be a most interesting modern seven part photodrama entitled "Loyalty." These two features will be shown on one bill for one price of admission.

**'ABOUT WOMEN' IS CLEVER PLAYLET**

"About Women," the clever satirical one-act comedy written by Mrs. H. P. Agee, better known to the literary world as Fannie Heaslip Lea, will be presented for the first time on Friday, Dec. 14, at the annual entertainment of The Footlights Club.

To Mrs. Denise Mahan-Bell has been given the pleasant task of creating the charming Mrs. Wilkenning, about whom the plot is woven. Will Lewers will interpret the character of O'Kelly, the intimate friend of Mrs. Wilkenning's husband. The other character in the play is that of the youthful poet, which will be portrayed by George Lindeley.

The Footlights has an unusually interesting program for the coming performance. It consists of three playlets, of which "About Women" is second on the list. The other two are "Eugenically Speaking," by Goodman, and "The Twelve Pound Look," by J. M. Barrie. The opening performance will be on Friday evening and a second performance will be given on Saturday, Dec. 15. Both will be at the Lanai theater. Seats are on sale at Laniaka. The entire proceeds will go to the Red Cross.

**LYCEUM THEATER AT MAUI TO BE REBUILT**

(Special Star-Bulletin Correspondence.)  
WAILUKU, Maui, Dec. 14.—Plans were completed a few days ago by H. B. Weller when on Maui for the rebuilding of the Kahului Lyceum. "Maui will have a real theater when the Lyceum is completed," said Mr. Weller.

Work on the new structure was begun yesterday morning. The plans are elaborate. The front entrance will be on the corner, but the building will not be erected in the same manner as the Lyceum which was destroyed by fire. It will be across the spacious lot, the stage will be as far as possible from other buildings, and the corner of the lot on Puunene avenue and also the corner of the lot on the road to Wailuku will be left vacant, at least as far as the theater itself is concerned. This arrangement will be a great advantage, as the view either way will be unobstructed, and this corner here will not be as dangerous as it used to be.

**ART EXHIBITION**

There will be an exhibition of medals, medallions and photographs of sculpture by Roger Noble Burnham, and paintings by Juliet May Fraser, at the University Club, December 7 to 20, open to the public from 9 to 11 a. m., 2 to 4 p. m. and 7:30 to 10 p. m. Hotel street entrance.—Adv.

**SAYS ACID STOMACHS NEED MAGNESIA**

Doctor Calls Bisurated Magnesia Safest, Quickest and Most Effective Acid Stomach Corrective.

The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid—the direct cause of nearly all stomach troubles. Of the many forms of magnesia, such as oxides, citrates, carbonates, sulphates, etc., the most suitable and efficient, and the one prescribed by leading specialists is bisurated magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the acid, stop fermentation, and thus ensure painless normal digestion. Care should be taken to get bisurated magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tablets as well as in the ordinary powder form. Stomach sufferers and dyspeptics who follow this plan and avoid the use of pepsin, charcoal, soda mints, drugs and medicines are invariably astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial digestants.—Adv.

**STUDENTS WILL HEAR ORIENTAL ART LECTURE**

Members of the art class of the College of Hawaii will hear a lecture on Oriental art this afternoon in the exhibition rooms of Lewers & Cooke. The lecture will be delivered by M. B. Mithran, who for the last week or so has been holding an exhibit of rare Oriental rugs, tapestries and works of art at Lewers & Cooke's. The public is invited to hear the lecture.
